6/10/15			2	Rec'd. Case. Started to review the proper steps needed to close case. Came to the conclusion that the case will be closed similar to the OVDI program. Went to IDRS and printed out the necessary documents. Started to review documents, realized amended return wasn't posted. Looked for RAR to show adjustments, also not posted. Verified F5344's, they didn't show any liabilities. Decided that the case needs to go back to the group for the examiner to create a proper RAR along with the F5344's. This in turn will allow us to assess the liability. The payments were properly posted. Went and prepared the F3990. Made the copies. Gave the case file to mgr. to review and issue back to the group.
